

Benefits

- Attractive Appearance
- Lower Installation Cost
- Lower Carbon Footprint
- No Power Outages
- Easy to Convert to Solar

Exclusive Free
Battery Recycling
Program

Certifications

- 3000K/4000K/6000K CCT
- Optional PTC Auto Heat System idea for use in cold & snowy climates
- 210LM/W
- Bifacial solar panel increases efficiency 25%

Bi-facial solar panels are dual-sided solar panels which can collect sunlight from both front and rear sides. This increases output per panel (+25%) by catching additional reflected and scattered sunlight from the rear side.

Bi-facial Solar Panel

Conventional Solar Panel
